

Business center of "Almaty Financial District", AFD (reconstruction), Almaty

Field of Activity

Business center

User

The business center of Almaty Financial District is located at the bottom of the Kazakh snow mountains Zaili Alatau. To have office in one of four buildings of the business center of Almaty Financial District means

to be in the most remarkable structure of the city of Almaty which symbolizes communication with the prospering and growing world market. Here everything corresponds to the international standards, considering ecological, technological and psychological aspects that, respectively, makes impression on clients. Four modern structures 79 171 sq.m of the first-class area intended for offices have. Being here,

there is a feeling of that you keep up to date: the atmosphere of the business center creates fine conditions for business. You, undoubtedly, will please an excellent lobby with glass from a floor to a ceiling, a big parking platform, excellent office rooms.

Task

To execute the project decision and installation of system of the automatic fire alarm in communication with re-plannings on squares of offices of AFD, thus, without breaking working capacity systems of the sound notification, access control, smoke removal system etc
