

Reliable safety: protection of human and property

CSI-Kazakhstan group of companies is a system integrator which offers optimal complex solutions including project design, choice of equipment, delivery, installation and technical service of installed systems.

Our solutions:

- intrusion and access control systems;
- CCTV systems;
- fire alarm systems;
- public address systems and systems of background music;
- systems of simultaneous interpretation;
- congress systems;
- video projection complexes;
- large scale video and text projection systems;
- structured cabling systems;
- parking systems.

Highly qualified designers and technical staff implement complex approach to customer's requests: starting from pre-project consultations to complete service of delivered solutions.
